Here is the revealing underground classic, a work that stands beside the "Seth" books as a delightful and invaluable guide to our inner spirit and our outer world. Emmanuel speaks to us through Pat Rodegast and shares his wisdom and insights on all aspects of life. Beautifully written and illustrated, Emmanuel's Book I is to be treasured, enjoyed and passed on to a friend. Emmanuel says: "The gifts I wish to give you are my deepest love, the safety of truth, the wisdom of the universe and the reality of God . . . . The issue of whether there is a Greater Reality or not, for me at least, has been settled. I know that there is. So I will speak to you from the knowing that I possess." Ram Dass, in the introduction, says: "Being with Emmanuel one comes to appreciate the vast evolutionary context in which our lives are being lived . . . . And at each moment we are at just the right place in the journey. As Emmanuel points out, 'Who you are is a necessary step to being who you will be.'"

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: □ Avoid the 9 deadly sins that destroy startups' chances for success □ Use the Customer Development method to

bring your business idea to life □ Incorporate the Business Model Canvas as the organizing principle for startup hypotheses □ Identify your customers and determine how to "get, keep and grow" customers profitably □ Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

With its process-oriented rhetoric, provocative thematic reader, up-to-date research manual, and comprehensive handbook, The Bedford Guide for College Writers gives your students the tools they need to succeed as writers -- all in one book. Each of the book's four main components has been carefully developed to provide an engaging, well-coordinated guide for student writers. This edition's new, more open design and sharper focus on active learning do even more to help students develop transferable skills. The Bedford Guide for College Writers prepares students to be the confident, resourceful, and independent writers they will need to be.
