An Atari Corp. version of Unix System V was not released until mid-1992. By the end of that year, Atari Corp. dropped all Unix development. A special version of the TT, the TT/X, was supplied with UNIX System V R4 and WISH (an extension of OSF Motif), as well as a collection of free software utilities including GCC.:

Atari VCS is a home video game console and Microconsole produced by Atari SA. The system was first revealed in June 2017 and pre-orders began on May 30, 2018. After several delays, the console was expected to ship in March 2020, but was delayed again due to the COVID-19 pandemic. It was later announced that the console will be released on November 27. While its physical design is intended to pay homage to the Atari 2600, the new
