NPR December 11, 2020. The first journalist to interview Bernie Madoff after the money manager was sentenced to 150 years in prison says she was struck that Madoff hadn't fundamentally changed. Even behind bars, says New York Times financial writer Diana Henriques, Madoff was a "fluent liar." "The magic of his personality is how easy it is to believe him — almost how much you want to believe him," she tells Fresh Air's Terry Gross.

Billion Swindle

The untold story of the Madoff scandal, by one of the first journalists to question his investment practices Despite all the headlines about Bernard Madoff, he is still shrouded in mystery. How did he fool so many smart investors for so long? Who among his family and employees knew the truth? The person best qualified to answer these questions is Erin Arvedlund. In early 2001, she was suspicious of the amazing returns of Madoff's hedge fund. Her subsequent article in Barron's could have prevented a lot of misery,

had the SEC followed up. Arvedlund presents a sweeping narrative of Madoff's career—from his youth in Queens, New York, to his early days working for his father-in-law, and finally to infamy as the world's most notorious swindler. Readers will be fascinated by Arvedlund's portrayal of Madoff, his empire, and all those who never considered that he might be too good to be true.

greatest proportions. It was

was paying her a great deal of attention. She was in the midst of a rocky marriage and feeling vulnerable, when the powerful Wall Street mogul began making overtures. As a successful CPA and head of a major charitable organization, she had a lot to lose. She directed him to take things slowly. Over the next five years, there were business meetings over lunch, followed by intimate dinners in hotel rooms and finally, private moments that for a time seemed intensely satisfying to them both. "I'm not to be trusted," he once told her casually. She ignored it, having no idea

how prophetic those words would be. After all, her relationship with Bernie was passionate and profound. She felt desirable. She was the one nobody knew about, with the window into the real man. So careful about investing her money, when the SEC cleared him in 1992 she decided to get in all the way--with her heart, her soul--and her financial future. Sheryl was in the wrong place at the wrong time. She couldn't possibly have imagined the devastation that would befall her. Learning the truth was shattering on so many levels. Many books are being written about the

From the boardroom to the bedroom, in each other, the two found something that had been lacking in their own lives. It's a story with tragic overtones--a drama that only now could find a devastating conclusion.
