On the 20th September 1992, a group of bush walkers discovered a decaying corpse whilst orienteering in the Belanglo State Forest. The Discovery triggered the biggest manhunt in Australian History. Written by an actual lawyer who dealt with Ivan Milat in his early years, "Innocent Until Proven" is based on the true story behind serial killer Ivan Milat and his lawyers.It provides a real insight into the legal profession through the eyes of two young lawyers. "Innocent Until Proven" will make you laugh and make you cry. The climax is so gripping it will have you at the edge of your seat!

With the COVID-19 pandemic in 2020, ensuring adequate nutrition to secure the growth and well-being, particularly of infants and young children, faced new obstacles. For this publication, an international group of experts in nutrition, metabolism, gastroenterology, endocrinology, and auxology have selected some of the most important papers published between July 2019 and June 2020, exploring topics on children's growth. Each paper is supplemented with editorial comments aiming to highlight lessons that can be learnt. This seventh edition of the yearbook provides a significant contribution to the understanding and management of various aspects of nutrition and growth. It is intended to help healthcare providers in all related areas to study and treat key issues in this field.

An aging California vintner is determined to protect her empire from a hostile family takeover and the dark secrets that could destroy everything she loves At age seventy-four, Assaria "Sari" LeBaron is still a force to be reckoned with. For decades, she has run the Baronet Vineyards, one of California's largest and most successful wine producers, maintaining sole control even after a suspicious accident left her permanently crippled. And now, in her golden years, the formidable Sari refuses to relinquish power to her own children, a decision that has only served to increase tensions among her already emotionally damaged family members. But Sari's ambitious son, Eric, is no longer willing to play a subservient role, and has begun working behind the scenes to take over the business, forming alliances within and outside the family in his effort to dethrone the unyielding matriarch. The most difficult fight of Sari LeBaron's long and eventful life has begun; a heartbreaking struggle that will pit loved one against loved one and expose long-hidden secrets that could destroy both Sari's business and her family. The LeBaron Secret is another riveting excursion into a world of privilege that Stephen Birmingham knows intimately. It is a breathtaking tale of secrets and lies, shady double-dealings, family skeletons, and the inner turmoil of the fabulously wealthy as only the bestselling author of "Our Crowd" and The Auerbach Will could tell it.

Deforestation and forest degradation represent a significant fraction of the annual worldwide human-induced emission of greenhouse gases to the atmosphere, the main source of biodiversity losses and the destruction of millions of people's homes. Despite local/regional causes, its consequences are global. This book provides a general view about deforestation dynamics around the world, incorporating analyses of its causes, impacts and actions to prevent it. Its 17 chapters, organized in three sections, refer to deforestation impacts on climate, soil, biodiversity and human population, but also describe several initiatives to prevent it. A special emphasis is given to different remote-sensing and mapping techniques that could be used as a source for decision-makers and society to promote forest conservation and control deforestation.

This book presents a collection of the latest research in the area of immersive technologies, presented at the International Augmented and Virtual Reality Conference 2018 in Manchester, UK, and showcases how augmented reality (AR) and virtual reality (VR) are transforming the business landscape.
