Maybe it is time for spring cleaning or you just cannot stand another day hunting through your closet to find something to wear – but the time has come to organize your closet (again). It is inevitable that there are belongings in your closet that need to go - maybe into the trash or a donation hamper – but a new home has to be found for them either way. Before you start organizing, you need to start purging. GRAB A COPY OF THIS INCREDIBLE EBOOK TODAY!

Based on the New York Times bestsellers *The Home Edit* and *The Home Edit Life*, this practical workbook is the essential, hardworking companion. Organize and maintain your living spaces with 52 challenges for tackling every corner of the home...

This book offers a comprehensive introduction to the social history of anthropology in the United States, examining the circumstances that gave rise to the discipline and illuminating the role of anthropology in the modern world. Thomas C. Patterson considers the shifting social and political-economic conditions in which anthropological knowledge has been produced and deployed, the appearance of practices focused on particular regions or groups, the place of anthropology in structures of power, and the role of the educator in forging, perpetuating, and changing representations of past and contemporary peoples. The book addresses the negative reputation that anthropology took on as an offspring of imperialism, and provides fascinating insight into the social history of America. In this second edition, the material has been revised and updated, including a new chapter that covers anthropological theory and practice during the turmoil created by multiple ongoing crises at the beginning of the twenty-first century. This is valuable reading for students and scholars interested in the origins, development, and theory of anthropology.

This little gift book is packed with tips, tricks, and life hacks for the modern Renaissance man. With chapters on domestic life, personal appearance, etiquette and socializing, business and pleasure, love and relationships, and health and wellness, it's the ultimate little black book for men of all ages. You'll find all the answers in a concise but comprehensive pocket-sized package. This handy reference guide features everything the modern man should know (but might not), including: • How to Cast a Fishing Rod • How to Open a Beer Bottle Without an Opener • How to Ask for a Raise • How to Start a Simple Skincare Routine • How to Make Friends as an Adult • How to Entertain Children Plus wardrobe essentials, advice on car maintenance, how to start a conversation in five languages, exercise tips, grilling instructions, and much, much more!
