DISENCHANTMENT, RATIONALITY AND THE MODERNITY OF MAX WEBER

Disenchantment, rationality and the modernity of Max Weber. Following Aristotle's distinction between theoretical and practical rationality, Max Weber holds that beliefs about the world and actions within the world must follow procedures consistently and be appropriately formed if they are to count as rational. Here, I argue that Weber's account of theoretical and practical rationality, as disclosed through his conception of the disenchantment of the world, displays a confessional ...

Disenchantment Rationality And The Modernity Of Max Weber

Disenchantment, in philosophy and sociology, the supposed condition of the world once science and the Enlightenment have eroded the sway of religion and superstition. The concept of disenchantment, so defined, emphasizes the opposed roles of science and religion in modern society. The German sociologist Max Weber is credited with popularizing the term in a lecture given in 1918.
