Human Resource Management provides readers with a complete, comprehensive review of essential personnel management concepts and techniques in a highly readable and understandable form. Coverage emphasizes essential themes throughout the book, including the building of better, faster, more competitive organizations through HRM; practical applications that help all managers deal with their personnel-related responsibilities; and technology and HR. Specific topics include the strategic role of human resource management; equal opportunity and the law; job analysis; personnel planning and recruiting; employee testing and selection; interviewing candidates; training and developing employees; managing organizational renewal; appraising performance; managing careers and fair treatment; establishing pay plans; pay-for-

performance and financial incentives; benefits and services; labor relations and collective bargaining; employee safety and health; managing human resources in an international business; human resources information systems and technology. For practicing Human Resource Managers as well as any business managers who deal with human resource/personnel issues.

Authoritative and current information on Human Resource Management that ALL managers can use. This best-selling HRM text is designed to provide authoritative and accurate information on HR-related responsibilities and personnel management by focusing on practical applications, concepts, and techniques that ALL managers can use in business. More than 100 new topics can be found throughout this edition, along with new features and video cases.

This market-leading text takes a pragmatic approach emphasizing the strategic role of human resources. Comprehensive, research-based coverage includes all major topics identified on the Human Resource Certification Institutes Content Outline. Coverage includes a global chapter, expanded coverage of diversity, new material on performance management, and current hot topics such as self-directed work teams, shamrock organization, broadbanding, competency-based pay systems, job security, violence in the workplace, and how organizational commitment affects production, quality, and service.

In this third edition of *Managing Projects in Organizations*, J. Davidson Frame updates and expands on his classic book to provide an accessible introduction to the field of project management. Drawing on more than twenty-five years of consulting and training experience, Frame's most current edition of his landmark book includes a wealth of new topics, including: Managing virtual teams The evolving concept of the project manager's role Co-managed project teams The project office Project portfolios Web-based project management International project management

The inside scoop on how 10 top American companies develop and maintain high-output, committed workforces. Dessler focuses on tools, techniques, and battle strategies that managers and supervisors can use to develop and retain highly committed, motivated workforces essential for long-term, high-performance results. Illustrated.

Human Resource Management (HRM) takes a managerial orientation; and is viewed as being relevant to managers in every unit, project, or team. Managers are constantly faced with HRM issues, problems, and decision making and the text's primary goal is to show how each manager must be a human resource problem solver and diagnostician. This book pays attention to the application of HRM approaches in "real organizational" settings and situations. Realism, understanding, and critical thinking were important in the revision. Users have continuously been satisfied with the consistent writing style and level of presentation.
