I'm still working on the book, it appears to contain what I learned

Online Library Guitar Aerobics

after 11 months of guitar instruction and then some. The book contains a lot of information and the suggested 15 minutes of practice for each section is a great idea. The book is easy to understand. I have had no issues with the audio & have purchased several of Troy Nelson's books

Online Library Guitar Aerobics

because I really like
his method.
