Improving Access to and Confidentiality of Research Data summarizes a workshop convened by the Committee on National Statistics (CNSTAT) to promote discussion about methods for advancing the often conflicting goals of exploiting the research potential of microdata and maintaining acceptable levels of confidentiality. This report outlines essential themes of the access versus confidentiality debate that emerged during the workshop. Among these themes are the tradeoffs and tensions between the needs of researchers and other data users on the one hand and confidentiality requirements on the other; the relative advantages and costs of data perturbation techniques (applied to facilitate public release) versus restricted access as tools for improving security; and the need to quantify disclosure risks--both absolute and relative--created by researchers and research data, as well as by other data users and other types of data.

Public relations frequently reflects the conscience of an organization. Public relations professionals must ask the right questions when advising organizations on the best ways to protect themselves from damage or liability. A better understanding of ethics helps formulate those questions and educate management on the ethical consequences of corporate action. Karla Gower has updated Legal and Ethical

Considerations for Public Relations to reflect recent case law and the prevalence of social media in our lives and in public relations practice. She considers ethical standards, the development of First Amendment law, corporate and commercial speech, lobbying, protecting creative property, and other specific areas of the law. In addition, Gower highlights important cases and breaks down how their decisions have impacted current law. Readers will learn to collaboratively resolve corporate crises not just in the classroom, but throughout their professional careers.

This text offers a comprehensive, accessible, engaging introduction to the legal environment of business with a unique, integrated focus on ethical theory and decision-making and on the global context in which modern businesses operate. Using realistic hypotheticals and scenarios, the authors illustrate and illuminate as they help students prepare to meet the often thorny challenges they will face in today's rapidly changing world of business. Features: Comprehensive coverage of the legal environment of business, from Business Organizations to Liability Uniquely integrated conceptual and thematic emphasis on the ethical theory underlying legal decisions, the global context of business decisions and operations, and issues of sustainability and corporate responsibility Excellent hypotheticals, case and statutory treatments, ethics integration, and global perspectives presented in interesting, accessible prose and formats Focus on AACSB Accreditation Standards, notably those relating to ethics education and social and ethical responsibility

"This book provides an easy-to-read introduction to the core ethical and professional issues faced by all coaches irrespective of length of coaching experience. The case studies and guidelines in this book will help coaches constructively reflect on their coaching practice, and will help build the solid ethical foundation that professional coaching practice demands. A very useful text for both the beginning and experienced coach." --Anthony M. Grant, PhD, Director, Coaching Psychology Unit, University of Sydney "Pat Williams is quickly becoming the authority on the ethics of the coaching profession. He brings his full integrity and passion to this wonderful book. Do not overlook the importance of this book to your success." --Laura Berman Fortgang, MCC, pioneer in the coaching field and author of Take Yourself to the Top and Now What? 90 Days to a New Life Direction The first comprehensive book covering ethical and legal guidelines for personal and executive coaches As coaching grows into a unique and fully established profession, coaches are already discovering and dealing with the special ethical and legal dilemmas that can arise in the coaching context. Law and Ethics in Coaching presents the first comprehensive look at ethical and legal issues in coaching. From coach-client conflicts to conflicts of interest, from assessments to informed consent, the authors detail the breadth of ethical quandaries in coaching and provide highly practical advice for avoiding problems--and for solving them. With contributions from leaders in law, ethics, and coaching, the text includes coverage of: \* The emergence of the coaching profession and its intersection with ethics and law \* Foundations of ethics for professions \* Making ethical choices \* Getting, growing, and measuring coaching ability \* Developing and maintaining client trust \* Multiple-role relationships in coaching \* Ethical use of assessments in coaching \* Legal issues and solutions for coaches \* The intersection of culture and ethics in organizations \* Coaching into the future Filled with a dynamic blend of case studies, discussion questions, illuminating quotes, and other examples, Law and Ethics in Coaching is both a trailblazing professional reference and an unparalleled textbook for coaching programs.

Legal and Ethical Essentials of Health Care Administration, Second Edition is the ideal text for courses that combine a study of both the legal and ethical aspects of healthcare administration. Derived from George Pozgar's best-selling textbook, Legal Aspects of Health Care Administration, Thirteenth Edition, this more concise text provides the reader with the necessary knowledge to become conversant with both legal and ethical issues pertinent to the healthcare profession. Using reader-friendly language, the book presents actual court cases, state and federal statutes, and common-law principles to help the student understand the practical application of the concepts learned. The author includes a broad discussion of the legal system, including the sources of law and government organization as well as basic reviews of tort law, criminal issues, contracts, civil procedure and trial practice, and a wide range of real-life legal and ethical dilemmas.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Legal and Ethical Issues for Health Professionals, Third Edition provides the reader with a clear understanding of the law and ethics as it relates to health care dilemmas. The practical application of ethics in the health care setting is accomplished by interspersing the thoughts of great minds through Quotes and the real world of Newspaper Articles, patient experiences through People Stories, provider and organizational experiences through Reality Checks, and Legal Case Studie.

George William Warvelle, 1852-1940, was a legal paragon in his time; a Professor of Law in Chicago; a prominent legal scholar; and the author of many law volumes still in print and found in law offices and

libraries today. This book was first published in 1902 in an era of no radio, no TV, or other electronic wastelands; an era when man communicated with conversation, reading and writing. The book is by a lawyer and was aimed at the then law students and practicing lawyers; however, the lessons therein are of historical interest to any lawyer or scholarly person today.

This popular title from the Fundamental Aspects of Nursing series has been revised and updated to reflect the advances in the field. Vital reading for all student nurses to help them develop an understanding of the myriad of dilemmas in professional practice and ensure they meet professional standards. This book will outline the implications and application of the relevant recent legislation that relates to nursing practice. Professionally, this book will look at the demands and requirements of nursing, as it moves to an all graduate profession, and the subsequent legal and ethical implications. It will also be helpful for qualified nurses as a refresher text & for those undertaking Overseas Nurses' Programmes. With the new Nursing and Midwifery Council's proposals, there is a greater emphasis on nurses' awareness and ability to use, and be assessed in, legal, ethical and professional issues in their clinical practice.
