Guns. Acid. Cameras. School. The themes behind the controversial Hellblazer: Shoot by Warren Ellis and Phil Jimenez merge with the attitude of the Grant Morrison and Philip Bond masterpiece of teenage revolt, Kill Your Boyfriend, deliver a story of magic, passion, and disinformation. Wild Children: A different type of education.

Written by a leading pricing researcher, Pricing Strategies makes this essential aspect of business accessible through a simple unified system for the setting and management of prices. Robert M. Schindler demystifies the math necessary for making effective pricing decisions. His intuitive approach to understanding basic pricing concepts presents mathematical techniques as simply more detailed specifications of these concepts.

Winner of the Management Accounting section of the American Accounting Association notable contribution to Management Accounting the historical development of management accounting as a discipline and as a practice in three broad geographic settings. Volume Two provides insights into research on different management accounting practices. Volumes one and two, and concludes with examples of management accounting research from around the world. Volume one of the Handbooks of Management Accounting Research sets the context for both Handbooks, with three chapters outlining the historical development of management accounting as a discipline and as a practice in three broad geographic settings. The bulk of the first volume then draws together a series of contributions that analyse the scholarly literature in terms of distinct intellectual and theoretical social science perspectives. The volume includes a chapter which looks at work informed by psychology as a base discipline. The volume also includes a set of chapters that seek to evaluate and explain issues of research method for the different approaches to research found within management accounting literature Publishing both in print, and online through Science Direct International in scope

The new edition of Business Practices in Higher Education offers aspiring higher education and student affairs professionals an understanding of the fundamental business practices of colleges and universities. The authors apply business concepts and models and explain how they can be leveraged to improve the overall efficiency and effectiveness of higher education institutions. Useful examples from a wide range of institutions—including small private colleage, large public universities, and community colleges—address macro-level higher education and student affairs, and administrative sides of higher education. This book helps readers understand the true nature of higher education and appreciate how the academy effectively incorporates business practices into everyday work lives. New in this edition: Updated coverage of current practice and research New chapters on accounting, strategic planning, and fundraising End-of-chapter questions for discussion

The emphasis of MANAGERIAL ACCOUNTING, 6e is on teaching students to use accounting information to best manage an organization. In a practice Hilton pioneered in the first edition, each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. Known for balanced examples of Service, Retail, Nonprofit and Manufacturing companies, Hilton offers a clear, engaging writing style that has been praised by instructors and students alike. As in previous editions, there is significant coverage of contemporary topics such as activity-based costing, the value chain, customer profitability analysis, and throughput costing while also including traditional topics such as job-order costing, budgeting and performance evaluation.

In an era of unprecedented expansion, sport has become even more significant and pervasive in our society. Through this growth, a new breed of specialist has emerged -- the public assembly facility managers. This book provides management information for new and veteran facility managers. The book includes 24 chapters divided into four parts covering fundamentals of management, communication and public relations, financial and marketing fundamentals, and facility design and event management. Facility Management for Physical Activity and Sport is endorsed by the National Council on Facilities and Equipment.
