Improve your vocabulary skills for the office and daily life with an easy-to-follow workbook that teaches you the facts you need to know to complete office tasks. Jennifer Wilkins, who helps adult learners achieve academic and vocational success as the owner of Pathways Educational Services, an adult learning centre, provides lessons, exercises, and strategies to help you further your career as an office professional. The workbook includes twelve modules and three review sections. The exercises introduce 365 words that are related to general office work. Each module begins with a list of words and their definitions to help complete the exercises that follow, and there are 142 exercises to complete. Whether you're seeking help with a secondary-school business, an English as a Second Language program, or other training geared toward essential skills development, this workbook can help you. Get the tools you need to develop vocabulary and vocational skills, improve reading and oral communication skills, enhance problem-solving skills, and boost spelling and phonics skills. Success is right around the corner, and getting there can be quick when you use Essential Skills: A General Office Vocabulary-Building Workbook.

"My greatest discovery in forty years of leading: Leadership can be developed." ~ Inc. Magazine's No. 1 Leadership Expert, John C. Maxwell Twenty-five years ago, John Maxwell published the book that forever transformed how people think about leadership. Developing the Leader Within You showed that leaders are made, not born, and helped more than two million people in the process. Maxwell now returns to this classic text to include the insights and practices he has learned in the decades since that work first appeared. In this completely revised and expanded workbook, based on the book of the same title, you will receive everything you need to take a significant step in your leadership journey, along with in-depth activities designed to help develop the leader within you. If you complete all the readings and exercises and answer all the questions, you will be amazed at how your influence, effectiveness, and impact will increase in such a short time. And if you're going through this process with a group, you'll enjoy the challenging discussion questions at the end of each lesson so you can explore the ideas in even greater depth. With insights gleaned from his forty-plus years of leadership success, Maxwell will especially help readers explore the value of: Achieving success using the Five Levels of Leadership Developing people—a leader's most appreciable assets Identifying and solving problems and preventing their recurrence Defining and articulating a vision for your organization Building on the leadership skills you already possess No matter the arena in which you find yourself called to serve—family, business, or nonprofit—the principles Maxwell shares in this workbook will help you develop the vision, value, influence, and motivation required of successful leaders. Designed for use with Developing the Leader Within You 2.0 (9780718073992), sold separately.

As the title suggests, Discovering Number Theory encourages students to figure out many of the important concepts and theorems of number theory for themselves. While the content is similar to other one-semester undergraduate texts on the subject, the organization and presentation of the material revolves around computer activities. With the help of interactive computer software, students work on research questions before being exposed to the final polished theorems and proofs. By actively participating in the development of course topics they develop a solid understanding of the material and gain valuable insights into the realities of mathematical research.

This is the first integrated book, which contains chapter-wise collection of JEE Main Online Papers of all the sessions from 2019 to 2021 . Detailed solution of each and every question has been provided for 100 percent conceptual clarity of the student. The students are advised to attempt questions of a topic immediately after they complete a topic in their class/ school/ home.

The Advanced Numeracy Test Workbook provides essential preparation for graduates and managers who face difficult numerical psychometric tests. Packed with plenty of expert tips, and putting the emphasis firmly on acquiring the necessary key skills, no other book provides this level of support. A companion title to the successful How to Pass Advanced Numeracy Tests, it contains even more practice material and realistic timed mock tests. Crucially, these are relevant to the selection tests of many top organizations. The workbook format is conducive to learning, leaving plenty of room for working and calculations. Detailed explanations of the answers and interpretations of scores mean that the reader can see which areas they need to improve on, and understand where they are going wrong.
