The groundbreaking first edition of Principles of Comparative Politics offered the most comprehensive and up-to-date view of the rich world of comparative inquiry, research, and scholarship. Now, this thoroughly revised second edition offers students an even better guide to cross-national comparison and why it matters. The new edition retains its focus on the enduring questions with which scholars grapple, the issues about which consensus has started to emerge, and the tools comparativists ...

**Principles of Comparative Politics (International Edition)—**

This textbook is very effective in its methods of communicating the basic principles of comparative politics. While dense in information, at no point did I feel lost in my understanding of the concepts being covered. The ordering of the chapters allowed the information to naturally flow from the theoretical to the practical, and most provided ...
