English skills will include practice in reading comprehension, writing, and vocabulary. Rubrics are included for self-evaluation.

Critical Theory Today is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

PRINCIPLES OF BUSINESS, Eighth Edition, provides complete instruction in business concepts and skills students need in today's competitive environment. This market-leading introductory business text offers extensive coverage in major business concepts, such as finance, marketing, operations, and management. Students gain valuable information and skills for the workplace, as well as preparation for success in competitive events, such as DECA, FBLA, and BPA. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Descartes' ideas not only changed the course of Western philosophy but also led to or transformed the fields of metaphysics, epistemology, physics and mathematics, political theory and ethics, psychoanalysis, and literature and the arts. This book reprints Descartes' major

works, Discourse on Method and Meditations, and presents essays by leading scholars that explore his contributions in each of those fields and place his ideas in the context of his time and our own. There are chapters by David Weissman on metaphysics and psychoanalysis, John Post on epistemology, Lou Massa on physics and mathematics, William T. Bluhm on politics and ethics, and Thomas Pavel on literature and art. These essays are accompanied by others by David Weissman and by Stephen Toulmin that introduce the idea of intellectual lineages, discuss the period in which Descartes wrote, and reexamine the premises of his philosophy in light of contemporary philosophical, political, and social thinking.
