Comprehensive and engaging, this textbook introduces students not only to foundational sociological work, but also to insights from contemporary sociological theory and research. This combined approach ensures that students become familiar with the core of sociology: key concepts, theories, perspectives, methods, and findings. Students will acquire the ability to think like a sociologist, investigate and understand complex social phenomena. This text presents a complete sociological toolkit, guiding students in the art of asking good sociological questions, devising a sophisticated theory and developing methodologies to observe social phenomena. The chapters of this book build cumulatively to equip students with the tools to quickly understand any new sociological topic or contemporary social problem. The textbook also applies the sociological toolkit to selected key sociological issues, showing how specific sociological topics can be easily investigated and understood using this approach. Taking a global and comparative perspective, the book covers a rich diversity of sociological topics and social problems, such as crime, immigration, race and ethnicity, media, education, family, organizations, gender, poverty, modernization and religion. The book presents a range of helpful pedagogical features throughout, such as: Chapter overview and learning goals summaries at the start of every chapter; Thinking like a sociologist boxes, encouraging students to reflect critically on learning points; Principle boxes, summarizing key sociological principles; Theory schema boxes, presenting sociological theories in a clear, understandable manner; Stylized facts highlighting key empirical findings and patterns; Key concepts and summary sections at the end of every chapter; and Companion website providing additional material for every chapter for both instructors and students, including PowerPoint lecture notes, discussion questions and answers, multiple-choice questions, further reading and a full glossary of terms. This clear and accessible text is essential reading for students taking introductory courses in sociology. It will also be useful for undergraduate and graduate courses in other social science disciplines, such as psychology, economics, human geography, demography, communication studies, education sciences, political science and criminology.

Peterson's Master the Social Sciences and History CLEP Test is the perfect resource to help you ace this CLEP general examination, which tests you on a broad range of topics in U.S. and world history, political science, geography, economics, psychology, sociology, anthropology, and more. In preparation for taking this exam, you will start by taking a 50-question pre-test, which-together with its detailed answer explanations-will help you see which subject areas you need to focus on during your studies. This guide then offers summaries of U.S. and world history topics; comparative politics and U.S. institutions; cultural, physical, and regional geography; a review of economics with a glossary of relevant terminology and major theorists and schools; and a discussion of the thoughts and methods of psychology, sociology, and anthropology. You will practice with review questions and conclude with a 50-question post-test, all of which come with answer explanations for further knowledge retention.
