Some people think that writing for kids is easy — short books, no big words, non-existent attention spans and then fill in any gaps with pictures. But nothing could be further from the truth. Children are the harshest critics imaginable. Give a grown-up a copy of Ulysses to read and they ' ll pretend to like it just so they don ' t look stupid. Give a copy to a kid and they ' ll tell you straight up that it ' s no good. Writing for children is much harder than writing for adults because it ' s all about catching their attention and keeping it — whether for five pages or five hundred. And being restricted by theme, vocabulary, length and a wandering attention span makes things infinitely more complicated. But creating books for children is also one of the most rewarding activities any writer can experience. To kids, stories are everything — they fuel their imaginations and provide endless hours of entertainment.

'We have no need to protect ourselves from the bad sort because WE are the bad sort . . . ' 'Beguiling' Stylist The year is 1831. Down murky alleyways, acts of unspeakable wickedness are taking place and London's vulnerable poor are disappearing from the streets. Out of these shadows comes Hester White, a bright young woman who is desperate to escape these slums by any means possible. When a chance encounter thrusts Hester into the beguiling world of the aristocratic Brock family, she leaps at the chance to improve her station in life. But whispers from her past slowly begin to poison her new existence, and lure her into the most sinister of investigations. As she finds herself dragged into the blackest heart of the city, little does she know that something more depraved than she could ever imagine is lurking. . . "Applaud for KLAWDE. Two paws up!"--Dav Pilkey, creator of the Dog Man series. "Funny, savage, and brilliant, Klawde is the pet I wish I had."--Max Brallier, New York Times Bestselling author of The Last Kids on Earth. Klawde is not your basic cat. He's an emperor from another planet, exiled to Earth. He's cruel. He's cunning. He's brilliant... and he's also Raj Banerjee's best friend. In book three of this hysterical series, Klawde faces a challenger he never imagined: a dog, who has arrived on Earth to settle the intergalactic score. He's hyper, he's loyal, he's an all-around-good boy, and he's here to bring Klawde to justice. Can our ferocious feline evade the long paw of the law? Raj, on the other hand, is faced with his own out-of-town visitor who, although from Earth, may prove to be even more formidable: his grandmother. When she plans a birthday party Raj doesn't want, will he survive the embarrassment? Heavily illustrated, with a hilarious, biting voice that switches between Raj's and Klawde's perspectives, this is the story of an unlikely friendship that emerges between a boy and the evil cat who arrived on his doorstep.

A strange carnival brings terror to the population of a small midwestern town

From the bestselling author of The Familiars and The Foundling comes Stacey Halls' most compelling and ambitious novel to date.

In the aftermath of a cataclysmic event, sixteen-year-old Evie, from a well-to-do Louisiana family, learns that her terrible visions are actually prophecies and that there are others like herself--embodiments of Tarot cards destined to engage in an epic battle.

"Young Katherine of Aragon, daughter of Spain's powerful monarchs Ferdinand and Isabella, was an exquisite prize in the royal marriage market. Golden-haired, sixteen years old, she was sent to England to marry the future king, Arthur, Prince of Wales. But when Arthur died a few months after their wedding, Katherine's bright future was suddenly eclipsed. It took his younger brother Henry VIII eight long years to do the honorable thing and marry her. Their union was briefly happy until Katherine failed to bear a son, and Anne Boleyn caught Henry's eye.."--

One of the 20th century's enduring works, One Hundred Years of Solitude is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize–winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buend í a family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buend í a family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel Garc í a M á rquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.
