Follow Daniel around the Spanish-speaking world as he guides students through this innovative new language course Experiencias: Beginning Spanish is a dynamic and innovative introductory Spanish course that builds students' language competency and offers realistic language encounters, so they can begin communicating in Spanish as early as possible. In Experiencias: Beginning Spanish, students meet Daniel, a native Spanish speaker who guides them through the learning process. For each chapter, there is a video episode of Daniel's ðhow to! show, where he interviews his Spanish-speaking friends about authentic topics of interest to today's students. The Experiencias course focuses on connecting language with culture, engaging students with content related to the perspectives of native speakers. Each chapter focuses on a different country, integrating grammar and vocabulary into real-world units that will give students a sense of excitement and wonder. Additional pedagogical features include an emphasis on metacognitive learning strategies, a reduced grammatical syllabus that leaves room for extra work on challenging areas, and content recycling throughout the text for enhanced language mastery. Takes students on a journey through the Spanish-speaking world, featuring a different country in each chapter Offers innovative pedagogical techniques and activities drawn from the authors' own classroom research Engages students with a focus on culture, practical communication, and video interviews with native Spanish speakers Develops oral and written communication skills through authentic tasks structured by the ACTFL Proficiency Guidelines With WileyPLUS for Experiencias: Beginning Spanish, students have access to an enhanced e-text featuring videos, audio recordings, interactive vocabulary exercises, educational animations, links to additional resources, and more. This text is an excellent choice for today's beginning Spanish speakers, whether in traditional or online classroom environments.

"In Experiencias Intermediate, students follow Sofia, a 23-year-old heritage learner of Spanish from the U.S., who travels extensively. Like Daniel in Experiencias Beginning, Sofia introduces each chapter's main strategy and shares her blog on the Spanish-speaking world. Through her video segments, Sofia poses questions to Spanish speakers and invites students to compare others' perspectives to their own. Guided by the ACTFL Proficiency Guidelines (2012), Experiencias concentrates on what students can realistically communicate after two to four semesters of classroom-based Spanish language instruction. Experiencias Beginning develops oral communication and literacy through a variety of authentic tasks. With the help of Experiencias Intermediate students continue to develop communicative competencies while also focusing on practical literacies, digital humanities, and job-related skills. The communicative nature of the tasks found in the book encourages students to begin using Spanish immediately in the classroom as they express their own personal meaning"--

This content-rich, culture-based intermediate Spanish text provides a smooth transition between first-year and second-year Spanish texts. The text's highly effective integration of language skills instruction and content, coupled with the application of technology, fully meets the five standards defined by the National Standards in Foreign Language Education Project. The main goal of these texts is to provide intermediate level students of Spanish with a foreign language experience that takes them from the practical language knowledge needed to carry out daily tasks to a more meaningful understanding of Hispanic cultures. Mastering Intermediate Spanish is designed specifically for those with a strong intermediate level background who are able to more quickly move to a more advanced level.

In Pura vida (Life is good)Spanish is more than vocabulary and grammar, just as Spanish-speaking cultures are more than products and practices. In this learner-centered introductory program, the authors' commitment to a methodology based on true-to-life experiences brings Spanish to life. Pura vida is the discovery of a Spanish-speaking world through the experiences of real people who share anecdotes and reflections on those experiences. Students relate to these people and make deeper, more meaningful connections between language and culture, and acquire Spanish with an unparalleled sense of personal engagement. In this 12-chapter introductory program, students don't only learn Spanish for real life, but also from real life. They discover that there is not just one homogeneous Hispanic culture, but rather that each Spanish-speaking country has its own rich, unique culture and that the people who live in these countries speak one common language with different accents, characteristics, and idiosyncrasies. The program offers truly seamless integration of cultural notions and language instruction and features 100% contextualized and personalized activities.

Now fully updated with the latest research and references, the third edition of Applied English Phonology provides a detailed,accessible introduction to the English sound system. Discusses the fundamental concepts of English phonology, from phonetic elements, phonemics, and allophonic rules of English consonants and vowels to phonotactics, stress, and intonation Includes new coverage of waveform analysis, bilingual phonology, code-switching, and loan phonology Expands discussions of L1 contrastive phonological structures and markedness Supports students and instructors with sound files for transcription exercises and an instructor's manual, available upon publication at www.wiley.com/go/yavas3e

A Spanish Grammar Workbook contains 500 grammar exercises that vary in difficulty from simple tests and puzzles to multiple choice tests and realistic dialogues as well as communication exercises which function as prompts to the oral practice of the grammar in representative contexts. Includes 500 grammar exercises varying from simple tests and puzzles to multiple choice tests and realistic dialogues which contextualize Spanish grammar in everyday speech. Indicates difficulty level of each exercise and includes an extensive answer key. Complements and is cross-referenced with Blackwell's A Comprehensive Spanish Grammar by Jacques de Bryne (with additional material by Christopher J. Pountin). Helps language learners understand grammatical functions naturally by putting theory into practice.

Hallmark features include: * A focus on the important ideas of mathematics that students will retain long after their formal studies are complete. * An engaging and humorous style, written to be read and enjoyed. * Ten Life Lessons that readers will apply beyond their study of mathematics. * Use of a variety of visualization techniques that direct students to model their thinking and to actively explore the world around them. New to this Edition: * A new chapter, Deciding Wisely: Applications of Rigorous Thought, provides a thought-provoking capstone. * Expanded and improved statistics and probability content in Chapter 7, Taming Uncertainty. * Enhanced Mindscapes at the end of each section which ask the reader to review, apply and think deeply about the ideas presented in the chapter. * Radically superior ancillary package.

"Experiencias offers carefully sequenced activities, pre-tested in the authors' own classes, that focus on personal interaction and real communication. All face-to-face activities are easily adaptable for digital environments and writing assignments. Recycling Throughout both volumes, Experiencias incorporates activities that recycle previously learned material but with new topics, which allows students to continue mastering vocabulary and structures encountered earlier in the program"--
